

CCEF is proud to present two opportunities in the 2021-2022 school year to connect our supporters with local community business partners. Through your support of our "SIP for our Schools," as well as our "Taste of Culver City" events, you can share your dedication to empowering the 7000+ students across the Culver City Unified School District (CCUSD). All event donations directly benefit CCEF-funded programming including: music, literacy, technology, robotics, theatre, learning gardens and academic support. [Learn more at www.ccef4schools.org](http://www.ccef4schools.org).

Please review the sponsorship opportunities, and [contact us](#) for details on custom packages tailored to meet your unique business marketing goals during the entire 2021-2022 school year.
